Think of the invisible bird !
The red phone is waiting for you
while
you
are.

How much money do you
spend on clothes?

what you look at first is the clothes. Ask yourself, 'how much did she spend to get into those clothes?' because that's how much you're going to have to spend to get her out of them.

Thursday 11/7 4th dinner Grandma

9/25/91

When you are 90 and looking back on your life, what do you want to see?

Communities of people.

to see green

adventures

family: one of the harder things I can imagine

I find it hard to think that far ahead

Zuchini because it lives in the zoo

Live in the present

~~I want to~~

Be as naughty as you can be

~~be~~ young enough to do it

and old enough to get away with it.

No hesitation, no loss of opportunity

No regrets.

Don't want to say "I didn't spend enough time at the office"

"I don't want to be looking back I want to be looking forward"

family situation

how to start something:
start it
teach it
get out
All these things that I started, but
still going

I want to be the person in a
rocking chair and tell stories
